

October 14, 2013

Dear parent(s)/guardian(s),

Welcome to Bloomsburg University! As parents of a new student at Bloomsburg University, it is important for you to encourage your child to stay involved by joining one or more of the many clubs offered here. Not only does staying involved in one of our clubs help the student's to find friends and to get help from upperclassmen with the same or similar majors, but certain clubs can help your child learn professional skills through experience in the work field.

Many of the clubs offered here are probably very similar to some offered in your child's high school, making it an easy transition to get involved here at Bloomsburg. During the first weeks of classes, Bloomsburg will be having a club fair where your child will be able to see and choose from many different clubs and organizations associated with Bloomsburg University. These organization clubs offered at Bloomsburg include religious, political, athletic, arts, service and Greek letter organizations.

Encouraging your child to get involved in college can have some very positive effects on them. It is important for them to meet new people with similar interests so they all have life-lasting friendships with other students here at Bloomsburg and build professional skills that could not be learned anywhere else.

For more information on clubs and organizations at Bloomsburg, please call the Student Activities Office at (570) 389-4346 or visit bloomu.edu/clubs_organizations.

Sincerely,

President Stoltz
